

B. Amendment to the Claims

Please cancel claims 1-14 without prejudice or disclaimer.

Please add new claims 15-24 as follows.

1-14. (Cancelled)

15. (New) A metal coordination compound represented by the following formula:

wherein X is O, C=O, CF₂, or N-R, wherein R is H, a phenyl group, a naphthyl group, or an alkyl group having 1-4 carbon atoms.

16. (New) The compound according to claim 15, wherein X is O.

17. (New) The compound according to claim 15, wherein X is C=O.

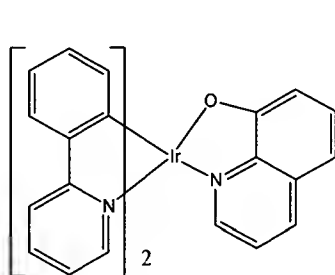

18. (New) The compound according to claim 15, wherein X is CF₂.

19. (New) The compound according to claim 15, wherein X is N-H or N-CH₃.

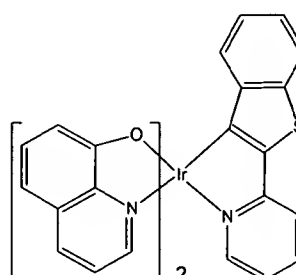

20. (New) An organic luminescence device comprising:
 at least a pair of electrodes: and
 an organic layer, which is disposed between the pair of electrodes and which
 comprises a metal coordination compound according to claim 15.

21. (New) A display apparatus comprising a display portion, which
 comprises an organic luminescence device according to claim 20.

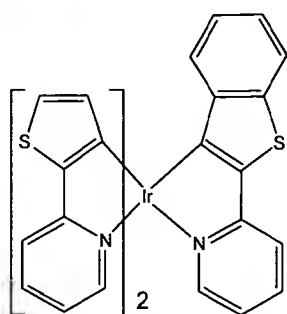

22. (New) A metal coordination compound represented by any one of
 the following formulas (1) to (4):

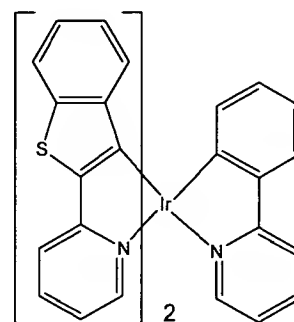

(1);

(2);

(3); and

(4).

23. (New) An organic luminescence device comprising:
 at least a pair of electrodes; and

an organic layer, which is disposed between the pair of electrodes and which comprises a metal coordination compound according to claim 22.

24. (New) A display apparatus comprising a display portion, which comprises an organic luminescence device according claim 23.
